

May 2022

Shenandoah County Weekday Religious Education Association
PO Box 634
Woodstock, VA 22664

Dear Parents or Guardians,

Praise God! Released Time for legal Weekday Religious Education was approved by the Shenandoah County School Board on January 14, 2022. We are very thankful to have this "open door" to provide optional Christian Education to Shenandoah County children.

We are ready for startup classes to begin at Off-Sight locations, for students at all elementary schools. SCWREA is providing Bible instruction, starting this fall, for second and fourth graders.

The Bible classes start-up days will be decided in August 2022.

W.W. Robinson Elementary- Off-Sight location is Church of the Nazarene
(Next to Woodstock Rescue Squad)

Sandy Hook Elementary - Off-Sight location is Strasburg Presbyterian Church

Honey Run Elementary - Off Sight location is American Celebration On Parade Museum

We're inviting you to register your child to be part of SCWREA's mission to provide **Bible-based** education. Bible-based teaching is important for development of the whole child, including their emotional and spiritual health, as well as their intellectual health. Our goal is to expand to include second and third graders in future school years.

SCWREA Bible Class instruction also advances the county School Board's strategic plans and reinforces standards of learning in several areas.

SCWREA is an interdenominational group of churches, business leaders, and community members who are coming together to provide this **Biblical** education for children in our public schools. Our desire is to help parents by providing these classes during the school week with the Virginia Weekday Religious Education Time Release Program.

To register your 2nd and 4th grader or for more information please call 540-459-3661 or go to our website at Shenandoah County www.weekdayreligiouseducation.com .

God is at Work!!

In Jesus,

George Bowers, Steering Committee President
